BAHRAIN MANAGEMENT SOCIETY

Bahrain Management Society (BMS) was established in the Kingdom of Bahrain by professionals from major corporations within the Kingdom who aimed at promoting best management practices and professionalism within their companies and to influence management professionals across the Kingdom.

As a non-profit organisation, the main aim of BMS is to ensure that there is development of management professionals within the nation which will ultimately serve the community and growth of the Kingdom.

In today's fast-paced and dynamic environment, where technology and innovation are continuously updated, every business needs to ensure that they can retain their competitive edge. BMS has a team of dedicated professionals who have worked endlessly to ensure that a modern approach is undertaken towards development of management theories and concepts which will further assist professionals to be equipped with necessary tools required to sustain their business which will directly ensure sustainable development of the Kingdom.

For past 23 years BMS has been working towards development of management practices tailor-made to suit the requirements of the companies within the Kingdom as well as ensuring that changing trends and best practices across the globe are shared with professionals to resolve conflicts and enhance work productivity.

BMS recognises the need to develop and share management concepts which are crucial to a company's growth as it allows the company to gain and retain competitive advantage through strategic initiative. The Society aims to connect their members with the industry professionals through interactive networking sessions, specialised workshops and high-level quality conferences.
